## Getting started with the Hombli app

Use these steps to get started with the Hombli app.

1. Download and install the Hombli app for iOS or Android.
2. Open the Hombli app, and tap the 'Register' button or log in with an existing account.
3. Read the Privacy Policy and tap 'Agree'.
4. Fill in your email address and tap the button to obtain a verification code, which will be sent to your email address.
5. Check your email and fill in the verification code. You will automatically continue to the next screen.
6. Choose a safe password and tap the continue button to complete the registration.

5. Tap 'Done' to finish the setup.

How to add a device

Follow these steps to add a Hombli smart device to the Hombli app.

1. Power on your Hombli device. The indicator lamp of the device will start flashing.
2. Open the Hombli app and tap '+' to select the device you like to add.
3. Make sure your mobile device is connected to your wireless network*.
4. Follow the instructions of the app, these can differ depending on the circumstances*.
5. Wait for the device to connect to the app.
6. You can now add the device to a designated room, and rename the device. Tap the green button to finish the setup.
7. You can now control your Hombli smart device with the app.

*and follow the instructions to reset the device.*

Connect to smart services

How to connect to Google Assistant

Note: This feature is pre-activated for all Hombli products (incl. Smart Doorbell 2) except for the Smart Doorbell 1, Smart Indoor and Outdoor Camera. We must enable this feature with your Device ID. Fill in the activation form here!

1. Open the Google Assistant app on your device and tap the settings icon in the top right corner.
2. Go to the 'Assistant' tab and tap 'Home Control'.
3. Tap the '+' icon in the bottom right corner.
4. Search for the Hombli service.
5. Log in with your Hombli account and tap 'Authorize' to connect with the Google Assistant.
6. In the home control menu, you can now see the devices that are available for voice control through Google Assistant.
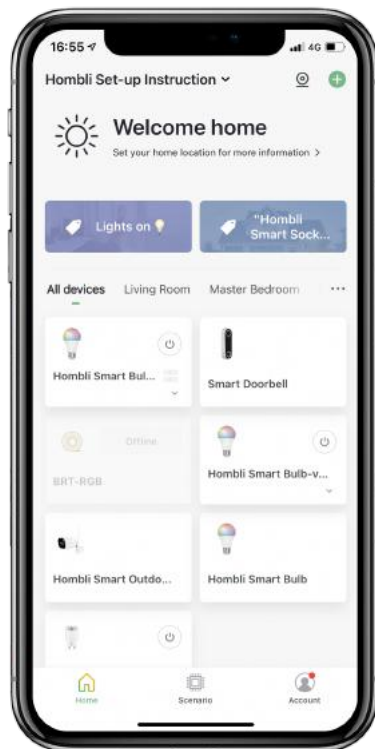

How to connect to Amazon Alexa

Connect Hombli to Amazon Alexa for hands-free voice control. Follow these steps or watch this video to set up.

enable this feature with your Device ID. Fill in the activation form here.

1. Open the Amazon Alexa app on your device.
2. Open the menu and tap 'Skills & Games'.

How to connect to Siri Shortcuts

Connect Hombli scenarios to Siri Shortcuts for hands-free voice control with Siri. Follow these steps to set up.

corner to add a shortcut to Siri.

3. Select the shortcut you want to control with Siri.

4. Add a custom phrase that you want to say to Siri to run the shortcut. In our example we set the phrase to "Turn on the Lights" but other phrases are also possible. Other examples: "Turn on my Hombli Smart Bulb" and "Turn on the living room lights" etc.

5. Tap "Add to Siri" to finish the setup.

6. Try out your new voice command by saying the phrase to Siri.
